Entrepreneurial Work

GumGauge

Co-founder and CEO
Aug 2023 - Present

Build the public website and sample-data software demo for an investigational chairside periodontal-measurement concept.

Concept stage: no hardware or clinical performance data exists; timing, safety and performance remain unvalidated. Not FDA cleared or approved; premarket pathway remains under review.

Mise

Creator and Developer
May 2026 - Present

Designed and built an AI meal-planning app with photo-assisted pantry inventory, weekly meal plans, grocery lists, guided cooking and an in-app sous-chef.

Developed a native iOS app with a Supabase backend, now in TestFlight early access; an Android client is in development.

Leadership and Service

B'nai B'rith International

Youth Leadership Representative, North America and Latin America
2017 - Present

Participated in human-rights delegations to the UN Human Rights Council, the UN in Geneva and UNESCO in Paris; led a youth mission to Colombia and joined a mission to Bulgaria.

Organized a 160-image exhibit for the organization's 180th anniversary.

Colombian Foundation of Community Services
